

The children in UKS2 are still completing their 'I had a dream' topic. Please refer to the previous LMTW enrichment activities until we commence our new topic 'Full of beans' later this term.

<p><b>UKS2 Learning Means the World Enrichment activities Summer 2</b></p>	<p>Design (and make!) your own flavour of chocolate.</p> <p>What ingredients do you require? Can you write a recipe for someone else to follow?</p> 	<p>Once you have created your chocolate bar, <b>design the packaging</b> for it.</p> <p>Think about how to attract the customer, who might buy it and what information needs to be on it.</p>	<p>Find out about and prepare a presentation/poster on the <b>importance of renewable energy sources</b> for our planet.</p> <p>Which are most efficient? Why should we be switching to renewable energy.</p> 
<p>Question to consider when you're sat at the dinner table:</p> <p><b><i>What do you think you have done today that has used most energy?</i></b></p>  	<p>Give <b>junk modelling</b> a go!</p> <p>Collect the recycling in your home, and create something from nothing!</p> <p>It could a sculpture, a den, a usable object. Take a picture and bring it in to show us!</p> 	<p>In your home, consider ways that you and your family could be saving energy (electricity, gas etc..).</p> <ul style="list-style-type: none"> <li>- Give it a go for a week.</li> </ul> <p>Was it difficult to do? Did you notice anything?</p>	<p>There are many different <b>types of bean</b>. Present your findings in a mind map</p> <p>Where do they come from? What do they need to grow well? What properties do they possess when eaten?</p>
